My name is Flora. I am a white rabbit. I was born in my master's house. I live with my master.

This morning, my master gave me a carrot for breakfast. Then I went for a walk with my master under the sunshine in the park. We played hide-and-seek in the park, too.

In the afternoon, my master gave me some vegetables for lunch. I loved it very much because it was fresh and crunchy. When it was about three o'clock, my master took me to the park again. We raced together. I hopped quickly so I was always the first. Then we played ball together. It was exciting.

At night, my master gave me a bowl of rabbit food. I loved it very much because it was salty and I loved salty food. Then I lay on my master's legs. I was so tired that I fell asleep on his legs.

Today, I had a wonderful day. I think I have a good master.
