My Best Friend

My best friend is Yuko. She is seven years old. She is tall and thin. She has big and round eyes. She has big ears. She has a straight nose. She wears glasses. She also has long and straight hair.

Yuko is cheerful because she always smiles. She is helpful because she always helps the teachers to take the exercise books and teaches her classmates to do their homework. She is hard-working because she always studies hard at weekends. Her favourite colour is pink. Her favourite food is grapes. She always helps with the housework. She always sweeps the floor at weekends.

I like to spend a lot of time with Yuko very much. I usually play games with her at recess. We always share our snacks.

I want to be friends with her because she is a kind, helpful, tidy and cheerful girl. She cheers me up when I am unhappy. I like her very much. I hope we are friends forever!
