

By Carol Jong (5B)

Seasons

Spring, Spring, the weather is damp.

Come to my farm to see my lamb!

Children like playing Catch

And birds need to hatch.

Summer, Summer, the weather is rainy,

But sometimes it is sunny.

We can go to the beach to catch a wave,

But it is not that safe.

Autumn, Autumn, the weather is cool.

We will not be hot at school.

The weather is so dry.

Some flowers are going to die!

Winter, Winter, the weather is chilly.

We'd better stay in bed which is cosy.

We can go skiing if there is snowfall.

We can also have a game of throwing our snowball.
