

All about Me

By 3A Aubrey Lien

Hello. I am Aubrey Lien. I am eight years old. I live in Hung Hom. My house is tidy and clean. I am chubby and of medium-height. My face is round and my nose is sharp. I am outgoing and energetic. I have a lot of friends at school and I always play with them on the playground after school. It is fun!

I love indoor activities a lot. I always go dancing at a dancing studio. During dancing classes, I always listen to my teacher and I try my best to match her moves. I think dancing is charming. Last year, I joined a dancing competition. I was nervous and my whole body was shaking. When it was my turn, I danced wonderfully and smiled happily, hoping that I would be the winner. When the competition was over, I screamed with joy because I won the first place. My dad and mum hugged me tightly when they heard the good news.

Besides dancing, I love drawing. I always draw and paint pictures in my spare time. I draw and paint at home and in an art studio. I love drawing because it makes me happy. When I finish drawing a picture, I always show it to my mum. She usually says, 'Wow! It's so beautiful and nice.' Then, she kisses me and smiles. When I am in the drawing class, my teacher also says, 'Your drawings are so beautiful and nice.' She often shows my drawings to the rest of the class and my classmates praise me too. I feel glad that everyone likes my artwork.

I love my hobbies. I want to be a dancer and an artist when I grow up.
